Vogue Living Design Awards 2024

At The Library, on the 39th floor of the Island Shangri-La, Hong Kong, design banter amongst our winners filled the air along with tiered snacks and a free-flow of cocktails. Vogue Living was honoured to recognise the achievements of creative minds who have paved the way to evolving interior design, hospitality concepts, arts & culture, automobile design and urban planning with 20 distinguished award categories. Along with our acclaimed winners, we also welcomed William Lim, Managing Director of CL3; Tiffany Godoy, Head of Editorial Content at Vogue Japan and Ciara Byrne, Vice President of New Business Innovation at Condé Nast as our honorary presenters.

We're thrilled to present the winners here.

ONE STANLEY

VOGUE

Hong Kong is surrounded by some of the most beautiful bodies of water. Boasting a prime waterfront view, One Stanley is the epitome of luxury lifestyle with close proximity to exclusive member clubs and established schools. Akin to a holiday in picturesque Santorini, the exteriors are clad with limestone, equally as timeless as its interiors.
